## **MARCH 30, 3:00 PM ET: Gaining International Experience: USAID's Farmer-to-Farmer Program Panel**

*Presented by:* John Vreyens, Pi Chapter, Minnesota & Global Relations Committee

The Farmer-to-Farmer program provides short-term opportunities for ESP members to contribute their expertise internationally. This panel will provide more information on the program, its funding, opportunities, and how to apply. The panel will include a USAID program officer, implementing organizations with opportunities and a university-based program.

## **APRIL 27, 1:00 PM ET: Conflict Resolution and Health Insurance**

*Presented by:* Dorothy Nuckols, Tau Chapter, Maryland

Conflict resolution is stressful, especially when health and finances are at stake. Health insurance disputes are detrimental to both health and finances, and usually arise from claim denials or surprise bills. Learn how to resolve and avoid them.

## **MAY 25, 1:00 PM ET: Innovative Methods to Evaluate Higher Learning by Youth**

*Presented by:* Cindy Kinder, Theta Chapter, Idaho

New evaluation methods show Extension programs have impact on higher levels of learning. Presenters will explain evaluation methods of Group Mapping and TAPPS Video Methods including how to structure programs to facilitate participants ability to apply knowledge learned.

## **JUNE 29, 1:00 PM ET: Health Insurance Options for Farmers and Small Businesses**

*Presented by:* Jesse Ketterman, Tau Chapter, Maryland

With high costs of health care and the negative impacts of COVID-19 with some farmers losing off-farm employment, farmers and small business owners struggle to identify reasonably cost health insurance. This workshop discusses various options and explores considerations when purchasing insurance.

**Webinars will also be offered on July 27, August 31, and September 28.**

**Check back for more information.**
